Dulari Dayananda

Intern Software Engineer

dulariwathsala824@gmail.com | +94 71 65 9360 | Sri Lanka

Dulari Dayananda | Dulari Dayananda | Portfolio

Profile

I am a Software Engineering undergraduate with experience in web and full-stack development, frontend design, and software testing. Skilled in building responsive, efficient, and user-friendly applications using modern technologies. Seeking a Software Engineering internship to apply my skills and contribute to innovative software solutions.

Education

BSc (Hons) in Software Engineering July 2023 - Present

Sabaragamuwa University of Sri Lanka

Completed A/L examination in Math stream 2021

Swarnapali Girls' College, Anuradhapura

Projects

InternQuest – Internship & Job Matcher System (Group Project)

- Developed a web platform to help students find internships and jobs with personalized recommendations, resume builder, and application tracking.
- Built with **React + Vite**, **Node.js–Express**, and **MongoDB** for secure, role-based data management and smooth user experience. *[GitHub Repository]*

EventBuddy - Smart Event Planning & Vendor Marketplace (Group Project - ongoing)

- Designing a smart event planning platform connecting users with verified vendors using AI tools, smart checklists, and budget optimization.
- Built with **React.js**, **Node.js**, **Express.js**, and **MongoDB**, integrating secure payments via **Stripe** and **PayPal**. *[GitHub Repository]*

Simple Movie Search App (Individual Project)

- Built a movie search web app using **JavaScript**, **HTML**, and **CSS**, integrating the **OMDb API** to display posters, release year, and brief descriptions. *[GitHub Repository]*

Dula Cosmetics – Cosmetic Shop Web Application (Individual Project - ongoing)

- Developing a secure full-stack e-commerce platform with JWT auth, Google Login, and password reset.
- Using React.js, Node.js–Express, and MongoDB with Supabase for image storage and dynamic stats.

[GitHub Repositories: Frontend | Backend]

Volunteering

- **Vise Secretary**, IEEE Student Branch of SUSL — September 2024 – September 2025
- **Technical Volunteer**, ICMR 2024 — November 2024
- **Secretary Team Lead** , PearlHack 4.0 — September 2025 - present
- **Logistic Team Leader**, TECHTALK v1.0 — April 2025
- **Program Team Member**, GeekZone v1.0 — June 2025

Technical Skills

Programming Languages
JavaScript, Python, Java, C

Frameworks/Libraries
React, Next.js, Express, Tailwind CSS

Databases
MySQL, MongoDB, Supabase

Tools
GitHub, Postman, Node.js

Agile Methodologies

Testing and Debugging

Soft Skills

Critical Thinking **Communication Skills** **Teamwork** **Leadership**
Adaptability **Problem-Solving** **Time Management** **Flexibility**

Certificates

University of Moratuwa
(Web Design for Beginners, Python for Beginners, Introduction to Software Quality Assurance)
